### Enrollment Commitment

The Montessori School of Oakton is accredited by the Association Montessori Internationale (AMI-USA) and a full member of the American Montessori Society (AMS).

Since its founding in 1981, MSO has offered a unique program in which skilled professionals, sensitive and responsive to the learning patterns and needs of each child, have helped our students to grow in confidence, independence and knowledge. At the Montessori School of Oakton there is a special blending of freedom and responsibility, choice and structure, creativity and discipline, individual interest and group cooperation.

Each and every space in a Montessori classroom is valuable to our mission of guiding the fullest development of each child. For the benefit of all the children, our classrooms are purposefully balanced with children of mixed ages and gender. Because of the importance of the balanced classrooms to the individual children and to the functioning of the classrooms, admission preference is given to those families willing to commit to enrollment through the Primary II year.

Your signature below indicates your understanding and your commitment to keeping your child enrolled at the Montessori School of Oakton through the Primary II year.
